Congregation Agudath Israel Planned Giving Wall

Project: To create a religious themed donor wall to honor planned gifts and inspire others to do the same.

Solution: Here we turned to our DonorMural line of recognitions. For this environment plaques on glass was the best option — elegant, respectful and with a strong aesthetic draw. We used a series of full color images that our client provided to set the tone and provide a counterpoint to the black and silver donor plaques. The color in these prints is extremely vibrant owing to the print-on-metal process used.

The images and plaques are all set magnetically so updates and changes are very easy.
