**Project:** Provide an engaging recognition system for Hagedorn’s “Building For Our Children’s Future” campaign.

**Solution:** Given the rich history of our client’s work, we felt images of people and people being served would be touching, compelling and meaningful when interspersed among the contributing donors’ plaques. The design is quite flexible in that the drilled backboard can accept any of the four sized plaques anywhere on the grid. In addition plaques can be moved around at will, in case a new placement is desired for a particular donor. Photos are removable as well and can be changed at any time.

This design is another great example of our DonorMural line of recognitions.
