GET RECOGNIZED™

St. Francis College Duns Scotus Society

Project: Honor those students who yearly achieve entry into the school's Duns Scotus Society.

Solution: We identified this project as both honorial and historical. The dates for student recognition were 1935 to 2010 and then yearly from then on. As in much of our work photography plays a major role. Not only does the system honor students through the years but it shows the history and growth of St. Francis College over the years as well. It is a recognition tool and a branding tool. Reports confirm this installation stops passers-by and engages them in the presentation.

The materials for this installation were minimal and elegant — tempered glass panels, stainless steel cut letters and photo embedded metal plates. The photo plates were used for the images and the yearly student listings.
