Project: Create a donor recognition wall to honor 1,200+ donors to a completed capital campaign.

Solution: Once again prior projects and consistency drove this design. And once again photography was the added element. Unlike the annual donor wall which is printed on paper this design was designed permanent. A special tempered anti-glare glass was used and 1,200+ names were sand blasted and color filled into each of the three donor panels. The photos used were historical photos documenting people and events.

This design is in the same hallway as the annual donor wall and both look absolutely complimentary.
