GET RECOGNIZED™

Commemorative Plaques

Project: To create a singular recognition graphic honoring a long time and loyal organization supporter.

Solution: Since our client had a wonderful photograph of this honoree, we made it the highlight of the piece. We were provided with text that was etched into a tempered glass panel and then we created a full color photo embedded metal plaque that was affixed in place on the glass panel. While the outcome of the plaque itself is stunning, the placement in the lit alcove make it definitely a recognition centerpiece.
